### **How to Register - B- FINAL :-**

Firstly, the event itself starts at 10.30 am but Initially to allow the early risers to log in – the event will show a start time of 9.30 just to facilitate log in but the real start time is 10.30 am

**The facts :- You must all register as pairs first. You will find the event registered as Killarney Virtual B Final. One person must invite the other pair to join them. From my experience today the best way to do this process is for one pair to register, then the person using the old flash version should invite his partner and then invite the team mates who are already registered.**

The invitation to form a team must come from a player who is using the flash version of BBO. Both players in the team mates pair must be online to accept it

This is a link to the flash version: <https://www.bridgebase.com/client/client.php>

**The alternative method is to call me with your username and password while your teammates are on line as early as possible after 7.30am and I will set up the team for you. 0868236618 - all players must be online for me to do this for you**

### **Entry Fee & Donations**

Lots of you have donated already - Once again, the teams is free to enter but any donations are appreciated :- <http://www.bridgejigsaws.com/kc.php>
